PROFESSIONAL SUMMARY

I'm a passionate Frontend Developer who enjoys designing and building responsive, user-friendly web interfaces and applications using modern technologies. I love bringing ideas to life through clean design and functional code, using my skills in HTML, CSS, JavaScript, and React to build experiences that feel smooth and meaningful. Beyond tech, I'm also a Biochemistry graduate with strong analytical and problem-solving skills, trained in laboratory operations and Good Manufacturing Practices (GMP). I take pride in blending my scientific precision with creative thinking to deliver innovative and impactful solutions.

EXPERIENCE

Frontend Developer

She-levate Tech/Boot camp (HAI), Nigeria, Gbagada, Lagos state

July 2025 - October 2025

Designed and developed responsive, user-friendly web interfaces and applications using HTML, CSS, JavaScript, and React. Collaborated with design teams to translate UI/UX wireframes into functional digital products. Ensured website performance optimization, accessibility, and cross-browser compatibility. Implemented interactive features to enhance user experience and engagement. Applied problem-solving and debugging skills to maintain clean, efficient, and scalable code.

HOBBIES

- Baking

PERSONAL INFO

- Nationality: Nigerian

Quality Assurance Intern (SIWES)

CWAY Foods & Beverages Nig. Co. Ltd, Nigeria, Ogun state

June 2022 - September 2022

- Assisted in quality analysis of raw, packaging, and finished materials.
- Conducted physicochemical tests (pH, Brix, Viscosity, TTA) and documented results.
- Supported material audits and ensured adherence to quality specifications.

Quality Assurance & GMP Inspector Auditor (NYSC)

CWAY Foods & Beverages Nig. Co. Ltd, Nigeria, Ogun state

March 2024 - March 2025

- Conducted laboratory tests on raw materials and finished products to ensure quality compliance.
- Enforced GMP, GHP, and PPE standards across factory operations.
- Supervised 5S implementation and ensured FIFO/FEFO inventory practices.
- Calibrated laboratory equipment (pH meter, refractometer, weighing scale) to standard specifications.

- Performed factory and warehouse audits, maintaining accurate production records.
-

EDUCATION

Bachelor of Science (BS), Federal University Oye Ekiti, Nigeria, Ekiti

2019 - 2023

Gained a solid foundation in molecular biology, enzymology, analytical chemistry, and laboratory techniques. Developed strong research, analytical, and problem-solving skills through practical experiments and academic projects focused on biochemical processes and industrial applications.
